

Attached please find three exercises. At the afternoon session, we will break out into three groups. Each group will choose a facilitator and convene a “Core Team” meeting to take you through the exercises. Due to time constraints, we ask that you review the material prior to attending the session. Our hope is to assist you in implementation technologies and to get a feel for what impact an EMS may have in your college/university.

Exercise 1 The Personal Environmental Assessment

1. STATE YOUR POSITION ON THE ENVIRONMENT (Is it important or not? State what is your personal position about environmental issues of the day)

2. NAME THREE ACTIVITIES THAT YOU MAY PARTICIPATE IN ON A DAILY BASIS THAT HAVE AN IMPACT ON THE ENVIRONMENT.

3. RANK BY ORDER OF SIGNIFICANCE. OF THE MOST SIGNIFICANT OF THE THREE YOU HAVE DISCUSSED IN QUESTION 2 EXPLAIN WHY IT IS MOST SIGNIFICANT TO YOU?

4. PROPOSE A CHANGE IN THE ACTIVITIES YOU HAVE IDENTIFIED THAT WOULD HELP THE ENVIRONMENT.

5. PROPOSE HOW YOU WOULD PROVE THAT YOUR CHANGED
ACTIVITY WOULD HELP THE ENVIRONMENT.

6. WHAT NEW/CHANGE/ACTIVITY WOULD YOU DO IN LIGHT OF THE
EVIDENCE PRESENTED BY YOUR CHANGED ACTIVITY?

Exercise 2 Your Daily Environmental Impact

Outline all of your activities you did from the time you got up this morning until your day ends when you go to sleep tonight?

Activity

Impact on Environment

[illegible]

Exercise 3 Your Household EMS

Design an EMS for your household, development, condominium, apartment complex, office building

1. What are the activities of your household that impact the environment?

2. Can you rank this by level of importance?

3. What would be your criteria for determining that something was more significant than another?

4. What activities do you currently undertake to benefit the environment?

5. Set an objective for your most significant aspects that you have identified above.

6. Set a target date to meet your objective:

7. What ways would you attempt to improve your environmental impacts?
(Make list and describe a specific plan to improve.)

8. How would you measure your success?

9. Draft procedures for your household members and tell how it would be communicated to everyone.
